Gun owners ask feds to put Chief Firearms Offices out to pasture

Ridiculous gun show rules prompt nationwide petition to shut down CFO for good

(Toronto ON – March 11, 2013) The Canadian Shooting Sports Association (CSSA) is spearheading a parliamentary petition that seeks to eliminate chief firearms offices across the country.

This week, the Alberta CFO has ruled that all firearms on display at the Calgary Gun Show must be equipped with trigger locks, in lieu of the inexpensive plastic tie straps that have been affixed to triggers for over a decade. The CSSA says these and other unnecessary rules created by unelected CFOs usurp Parliament and outrage responsible firearms owners.

Cheryl Gallant, M.P. for Renfrew-Nipissing-Pembroke has agreed to table a petition in the House of Commons. Last month, CSSA spokesman Tony Bernardo filed a court action against the Ontario Chief Firearms Office (CFO) for imposing unnecessary new Authorization to Transport regulations. Those rules made transporting firearms to a shooting range excessively onerous. The case has been remanded to April 9th.

“These games the CFOs are playing are nothing more than a temper tantrum in reply to scrapping the gun registry,” explains Bernardo. “Their silly rules have nothing to do with public safety. But, they have poked the lion too often. All sport shooters want them gone because they serve no real public safety purpose. ”

“It's beyond belief that participants in the Calgary Gun Show should have to put expensive trigger locks on their unloaded display samples,” he adds. “With hundred of tables displaying thousands of guns, there

probably aren't enough locks in the country to comply and the CFO knows it. They're hoping one of two things will happen. Either firearms manufacturers and retailers will fold up their tents and go home, or their “failure to comply” will allow CFOs to finally execute their not-so-hidden agenda – confiscation. This is more than dirty pool – it's cheating an entire industry with rules that ruin their livelihood. It's time the CFOs were sent out to pasture where they belong.”

The petition asks the federal government to eliminate the provincial and territorial chief firearms office and establish a single civilian agency that is administrative and service oriented.

“The firearms community will provide thousands of names to Ms. Gallant for her to table in the House of Commons,” says Bernardo. “She has been a good friend to sport shooters over the years. We hope the federal government will use this opportunity to cut red tape for our community. It has absolutely no effect on public safety.”

“Sport shooting is a culture of safety,” Bernardo adds. “Getting rid of the Chief Firearms Offices could put money back into the system for legitimate initiatives that actually would keep Canadians safer. The CFOs are struggling for relevance and we are tired of them making up new rules that require additional enforcement. These selfish make-work projects must end.”

2012 ASRA Treasurer Report

It was business as usual for 2012 and ASRA.

No major financial items occurred to our situation.

Funding cycles have resulted in most of the prior year's AFSS funding being paid out in January of the following year, so you will see numerous 2011 income and expense items on the Income Statement.

Some members of the Board have asked about whether or not we, the Association, should be doing anything to create income interest with our current bank balance. I have made a few enquiries and here are some possible courses of action that we can take to generate income interest and protect the principle:

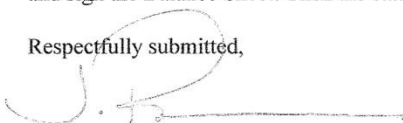

1. Open a Bank of Nova Scotia Savings account. Minimum balance required to generate interest is \$25,000. Interest rate would be 1.1%. No penalties for withdrawals or deposits, but balance MUST be maintained at or above \$25,000.
2. Set up a series of Bank of Nova Scotia GIC's in small sums with varying "time lines" (e.g. a 1-year, a 2-year and a 3-year GIC). BNS GIC interest rates are as follows:
1 year = 1.6%
2 year = 2.25%
Minimum investment sum would be \$1,000 per GIC.
Interest rates are subject to change.
3. Open a Money Market Mutual Fund with Investor's Group. This has been done with ASRA funds in the past to limited success. After discussions with Wayne Sorensen this plan is simply not feasible. From an administrative standpoint the process is overly cumbersome and time consuming. The principle would be protected but the interest rate would be 0.5% on a principle of \$25,000. Neither Wayne, nor I, recommend or support this initiative.

Current equity (pending accounts receivable and payable) is \$25,500 for year end, 2012.

I submit to the Board the above research (with the exception of item 3) for motion and voting at this AGM if the Board wishes to pursue the notion of generating income interest with the ASRA bank balance.

I will require two members (not members of the current Executive) in the Calgary area to audit the books and sign the Balance Sheet. Then the statements can be submitted to the Societies Registry.

Respectfully submitted,

Jeremy Reynolds
Treasurer

Message from the President

It has been a busy season since the start of the year and I would like to thank everyone for the great work they are doing across the province. I have connected with someone in Medicine Hat who would like to start an airgun club. Jeff and I will be travelling there later this spring to host a shooting clinic. Please let anyone of our ASRA Board members know if you hear of interest to host a shooting clinic and or receive support to start up a shooting club. I encourage you to 'Like' ASRA on www.facebook.com/albertasmallborerifleassociation and use www.absbrifle.ca website as a resource for information and to promote our sport to others.

A very successful Air Gun Provincials was co-hosted with the Alberta Handgun Association at the Westener Park in Red Deer. There were 20 air rifle competitors, many personal bests were broken, and the new finals format was a crowd pleaser. Red Deer was a great host with both host hotels providing rebates to ASRA totalling \$260 and a \$1000 sponsorship from the local fish and game association. The Megalink Target System is a definite attractor to increase match participation levels. We had competitors from Alberta, Saskatchewan, BC and the Northwest Territories.

Athletes were busy completing their Annual Performance Program to submit to ASRA in order to qualify for AFSS athlete development grants distributed by ASRA later in the year. This is a vital grant system that supports our developing and high performance athletes in their training regiment as they work towards their goal of being a National team member.

I continue to work with Wynn Payne and the other AFSS shooting associations on the Long Term Athlete Development Implementation Plan (LTAD) which when complete will be a valuable resource to community shooting clubs, coaches, parents and athletes. I will be attending back to back conferences in Banff in April: Alberta Sport and Recreation Leadership Summit and the inaugural International Physical Literacy Conference. Two great conferences held in Alberta that I would highly recommend attending.

Hope to see many of you at the Maple Leaf Match in Leduc in May hosted by the Alberta Handgun Association and the rest of you at the Outdoor .22 Provincials in Spruce Grove in June.

Susan Eymann
