

INVITATION - ATTENTION RIFLE SHOOTERS

The Alberta Smallbore Rifle Association (ASRA), has changed the format for the 2019 Provincial Championship. In the past, the Provincials were held at a central location and shooters from across the Province would have to travel to the specified venue for an opportunity to compete in the yearly event. New this year, ASRA has decided to change the format and instead of requiring competitors to travel to the event, the event will now come to the competitors. This new offering will eliminate the costs associated with travel, hotel etc. Also, the course of fire has been modified and is now a one day event, making it more appealing to new shooters. The intent is to introduce folks to a competitive but friendly environment.

Event Info
